Muhammad Abbas Jhanjhi

CS @ Sunway | Former President of Student Council TISPC | A Levels @ Taylor's College
Subang Jaya, Selangor, Malaysia

Summary

First year Computer Science student with a strong interest in software development, problem-solving, and learning. I have experience taking on leadership responsibilities, such as my time spent at Taylors International School Puchong student council President whilst working collaboratively across student organizations, and contributing to initiatives that required organized framework, communication, and teamwork. I enjoy taking on challenges that help me grow both technically and professionally. Currently, I am focused on building a strong foundation in computer science while seeking opportunities to contribute to meaningful projects, expand my technical expertise, and connect with professionals and aspiring professionals alike.

Experience

Sunway Tech Club

Member

June 2026 - Present (4 months)

Petaling Jaya
